

THE KING OF HERBS BEARMEDICINE®

Chaga (+Mumijo) Ultimate-Super-Extract ...

1. Highest Source of Antioxidants on the Planet

Free-Radical-Absorber (ORAC) index of 153.200 (second best, Wolf Berry, only 41.000!)

2. 30% Human-like DNA !!!

Chaga carries Human-like DNA, and thus the perfect companion for enhancing human wellbeing.

3. Highest natural source of SOD-Enzyme on the Planet

SOD (Superoxide Dismutase) is a major important anti-cancer enzyme for humans. Chaga has 13 times more SOD than any other mushroom.

4. Ultimate-Super-Extract really is the best!

All Chaga supplements are simply not the same! Our sublimation extracting process results in a product that contains the highest values of antioxidants and other compounds not found in any other Chaga supplement on the planet, such as...

5. only our Chaga contains 60% Cromogenic-Complex

Chaga from organic cultivation contains 0%!! If wild grown, regular Chaga (single or dual) extract around 40%, powder/tea only 15%.

6. ...and a unique 35% Polysaccharide & 33% Beta-Glucans

7. Accesses 100% of the relevante active compounds

whereas Chaga powder or Chaga Tea don't even reach the 15% mark; regular Chaga-Extract or Dual-Extract around only 40%.

8. Only from Siberian wild grown Chaga Mushroom

We don't use Chaga from "organic" (artificial!) cultivation. Only wild harvested Chaga contains Cromogenic-Complex. "Organic" Chaga doesn't contain any!!!

9. 100% Undamaged Chaga Mushroom DNA

Only our Ultimate-Super-Extract, because of it's highly advanced method of processing, has a fully undamaged Chaga DNA, whereas cooking tea with powder or a spray-dry/alcohol extract destroy and loose most of it.

10. 8 kg mushrooms result in 1 kg high potentized Super-Extract

11. Only real Mumijo! No Shilajit!

The King of Herbs contains only real Siberian Mumijo of fossilized Honey origins. Whereas most of the "Shilajit" available are of very low quality of other origins (plants, oil) or even fake!
